

# Canadians Join Together to Help Victims of Guyanese Flooding

*International Development and Relief Foundation launches multi-faith fundraising campaign to provide emergency relief in hardest hit regions of Guyana*

TORONTO, ON, CANADA, June 11, 2021 /EINPresswire.com/ -- People in Guyana whose homes, livelihoods and community infrastructure were destroyed by recent floods are receiving emergency aid through a campaign started by [IDRF](#) (International Development and Relief Foundation) in partnership with the Central Islamist Organization of Guyana (CIOG), and supported by a Canadian appeal involving a variety of faith groups and organizations.

Donations needed to help victims of flooding in Guyana

Through these combined efforts, IDRF will raise more than \$12 million Guyanese dollars with additional monies expected to come as mosques, Hindu organizations, and businesses continue to raise additional funds.

“

We are extremely grateful for the outpouring of support from Canadians for Guyanese people in critical need because of this terrible flooding.”

*Winston Kassim, IDRF Chair of Global Monitoring*

While most Muslims give the bulk of their donations as Zakat during Ramadan and that money would have been earmarked for other charitable causes, a number of mosques have pledged to renew their fundraising efforts this summer in support of Guyanese relief. Mosques that have donated or pledged to donate include: Malton Islamic Centre, Sunatul Jamaat of Ontario Canada, Islamic Institute

of Toronto, TARIC Islamic Centre, Brampton Islamic Centre, Jamiat Ul Ansar of Brampton, Imdadul Islamic Centre, International Muslims Organization, Islamic Society of Markham, and the Islamic Foundation of Toronto. Other organizations donating or pledging include the Global Care

Outreach (Vishnu Mandir).

“We are extremely grateful for the outpouring of support from Canadians for Guyanese people in critical need because of this terrible flooding,” said Winston Kassim, IDRF’s Chair of Global Monitoring, and a Canadian of Guyanese heritage who is a Member of the Order of Canada. “In particular, I want to thank all the mosques who have so generously pledged to raise funds again throughout the summer. It is wonderful to see so many people of diverse backgrounds and faiths come together with a single purpose to help others who are suffering and in great need.”

Mr. Kassim and the CIOG team have been in close coordination with the President's office to ensure its humanitarian relief is meeting the most urgent needs of the affected communities and to sustain that support for an extended period. The team is already providing emergency relief across Guyana including in Barima Waini, Essequibo islands, Goed Fortuin and Canals Polder West Bank Demerara, Mahaica Mahaicony Abary, and Black Bush Polder Corentyne Berbice, which are some of the hardest hit regions.

The funds raised are being used to provide humanitarian assistance to victims of the flooding, with an emphasis on food, and the distribution to farmers of livestock such as chickens that will sustain them in future. Donations to support these efforts can be made on the [IDRF website](https://idrf.ca/project/guyana-flood-relief/) at: <https://idrf.ca/project/guyana-flood-relief/>. Tax receipts will be issued for donations.

Guyana has been inundated with heavy rains since May, which has caused widespread flooding. This has caused serious flooding which has submerged roads, buildings and vehicles, and adversely affected crops and livestock, creating food shortages and health issues.

“With the rainy season expected to continue through July, it is urgent to respond now while also developing the capacity to mitigate further suffering that additional flooding may cause,” said

Winston Kassim, Chair of Global Monitoring at IDRF

Shaykh Moeenul Hack, the Director of Education and Dawah for CIOG. "One of the most beautiful things we can do is to be kind to one another. Canadians have always generously responded to urgent relief appeals, and we are very grateful that you are responding to the one in Guyana now."
