

# BLM 10 Reacts to Black Lives Matter Global Network 2020 Financial Reports and Leadership Changes

*The BLM10Plus (The original 10 signatories and the other chapters and organizers that stand with us) remain steadfast in our open calls for accountability.*

WASHINGTON, DISTRICT OF COLUMBIA, UNITED STATES, June 11, 2021 /EINPresswire.com/ --

“Hide nothing from the masses of our people. Tell no lies. Expose lies whenever they are told. Mask no difficulties, mistakes, failures. Claim no easy victories...” - Amilcar Cabral

Washington, D.C - The #BLM10Plus (The original 10 signatories and the other chapters and organizers that stand with us) remain steadfast in our open calls for accountability from the BLM Global Network Foundation (BLMGN) and Patrisse Cullors.

With no other viable options available, on November 30, 2020 the BLM10 released a [public statement](#) calling for accountability from the Network and the affiliated Foundation. Following the release of this statement, chapter names were promptly removed from the BLMGN website. As a direct result of the release of our public statement, the demands for accountability grew. Families of those who were lost to police violence spoke out and also demanded accountability, including Michael Brown Sr., Samaria Rice, and Lisa Simpson. The number of chapters that have aligned in support of our statement has nearly doubled. Some of these chapters have made their own statements echoing not only our call to accountability but also our experiences as we sought transparency, democracy, and internal transformation for years. Organizers outside of Black Lives Matter have also stepped forward making official statements and through social media expressing the harm they have experienced by BLMGNF.

The BLM 10 Plus continues the call for transparency and most importantly, for principled

accountability in movement infrastructures. The issues we've highlighted within the Black Lives Matter movement are not unique to this group or to people of color. Grassroots movements have been co-opted across the globe and it is our intention to be a part of the collective creating processes based on integrity so that we, nor any other activist or advocate, encounters these avoidable issues in the future.

We've outlined our thoughts and reactions to the subsequent actions taken by the Black Lives Matter Global Network in a full statement located here: [Claim No Easy Victories](#).
