## ABOUT SANTO

The Company is a vertically integrated blockchain and cryptocurrency company that manages, operates, and develops end-to-end "BaaS" Blockchain-as-a-Service, similar to software-as-a-service, blockchain as a service lets businesses get applications up and running with minimal hassle. This allows higher agility and quicker blockchain adoption. Blockchain applications are becoming more and more desirable, but they can be challenging to set up for smaller businesses or organizations with limited IT resources. A blockchain-as-a-service provider can provide professional assistance in addition to their hosting services. Additionally, the Company develops solutions such as smart digital contracts, non-fungible tokens NFTs, digital to physical assets tokenization, eXtended reality, and IoT internet of things for everyday life.

The Company also has developed a series of digital collectibles NFTs on the Cardano ecosystem

The Company also operates the only Cardano proof of stake platform that rewards delegators with SKULLYS® NFTs <https://skullus.io> ADAPOOL Ticker: (SANP) SKULLYS® ADA Network Pool and provides cryptocurrency staking service to potential Cardano (ADA) delegators.

The Company also has three subsidiaries Cathay International LLC, a Florida corporation specializing in administration, logistics, and an Asian to USA interoperability. The second subsidiary is Santo Blockchain Labs Corp. a Wyoming corporation leveraging the blockchain and crypto-asset states laws of the State of Wyoming. The third subsidiary is [SAITEC](https://www.saitec.dev/) Technology & Development Joint Stock Company <https://www.saitec.dev/> in Ho Chi Minh City, Vietnam, where currently it has a

team of 15 software engineers for various outsourcing services and its in-house projects. Vietnam is currently known as the Silicon Valley of South Asia.
