If not, we suggest you find the best car rental service that offers good deals in your area and get a sweet ride from them. Now that we have gotten that out of the way - let's get into the advantages of traveling by car.

Traveling by car gives you a certain kind of flexibility and freedom that doesn't come with other modes of travel. You can decide to start your trip any time, stop anywhere, continue whenever you feel like it, and even wear any clothes you like.

You don't have to worry about baggage fees or drag heavy bags in and out of airports; or if you are carrying the recommended bag weight. You can also buy as many souvenirs as you need without thinking if they fit your bag or if you need to pay shipping fees. All you need is a trunk organizer or expandable pockets that keep things tidy in your car, and you are good to go.

4. **You Get See More Beautiful Sceneries:** The ability to see and experience more is probably the best thing about traveling by car. Traveling by plane might be faster, but you will miss out on all the natural and beautiful sceneries that the open road offers car travelers. Unlike plane travel where you see only white and fluffy clouds, car travel allows you experience the rocky hills, lush greenery, mountains, and other interesting things you can't see when you are 3,000ft in the air.

Bonus point: You get to take pictures of interesting places as you embark on your trip.

5. **It Is Cheaper:** Looking for ways to spend less on a trip? Then try car travel! With car travel, you spend less than the average cost on food, accommodation, and transport expenses. Traveling by car allows you to cook your food since you might have a small camp cooker. You can also visit supermarkets for cheaper food and most times you don't need an expensive restaurant except you want to have a fine dining experience. It also reduces accommodation costs by half as it is way cheaper than the cheapest hotel you can ever find. So you spend less and enjoy more with car travel.

6. **You See More Places Of Interest:** Many popular tourist sites are situated in areas not easily accessible by public transport, but cars can get you there with ease. Your car is also beneficial when the time is short, and you need to squeeze in different exciting places. For instance, exploring an island or a 90 Mile Beach is easier and more fun to do with a car.

7. **You Can 'Slow Travel' And Follow Your Schedule:** Going on a destination tour means there are many things to do and see, and most times, you have to rush things to make sure you follow the itinerary. But with car travel, you can take your time and fully explore everywhere without rushing from one place to another. You can even go outside your schedule by visiting unplanned tourist sites or unpopular places, stay longer at places that fascinate you, and deeply enjoy all the sights and delights of your trip.

8. **Car Traveling Is Fun:** The feeling of being behind the wheel and spending time with loved ones makes car travel a great experience. You can listen to anything you like (audiobooks, fun mix lists), see beautiful places, control germs, and limit your contact with people (very necessary in this Covid-19 times). Car travel is definitely fun!

Final Thoughts: With car travel, the benefits easily outweigh the disadvantages. It is a lot cheaper, more fun and adventurous. So if you love to travel and also love to drive, we suggest you try Car Travel. It is an experience you will forever cherish.
