ABOUT IZZIE'S CARAVAN: Izzie started his musical journey by forming a 3-piece band in 2004. The Deep Impactors included two future (and now former) members of the Caravan, Sim and Ray. After becoming disillusioned by the music industry, Izzie took a decades-long respite from guitar, eventually returning to the instrument he loved, just a few years ago.

Referring to himself as a "poor man's Buddy Guy or Lightnin' Hopkins," Izzie cites bands like Led Zeppelin and Aerosmith as early influences, followed by later guitarists like Izzy Stradlin and John Frusciante. But, it was the blues of Stevie Ray, Clapton, John Lee Hooker, Johnny Winter, Muddy Waters, and of course, Buddy Guy, that inspired Izzie's return to music.
