Amelia's journey to find the truth behind her adoption twenty-five years ago, might end up being just a quick tour around the sights and a visit with her biological family.

Or it could reveal a more mysterious and shocking history to her lineage than she thought possible. The realization that vampires and werewolves have existed all along in secret. A place called The Colony.

Amelia realizes she must make a choice. Join The Colony and her family, or literally be made to forget they ever existed in the first place.

The thrilling debut of The Uluru Legacy Series will change the vampire and werewolf rulebook. Blending myth with reality, it provides a truly unique and realistic spin on the genre you love.

\*\*\*From June 15th to June 22nd, all proceeds from preorders of Garkain will be donated to the Montgomery County Women's Center <https://mcwctx.org/> to benefit those who are in need to support for Domestic Abuse.\*\*\*
