

HealthDirect Pharmacy Services to Become the Ohio LTC Partner of Choice with Entrance into Cleveland and Columbus

COLUMBUS, OHIO, UNITED STATES, June 15, 2021 /EINPresswire.com/ -- [HealthDirect Pharmacy Services \(KPH Healthcare Services\)](#) has announced that as of May 20th, 2021, they have acquired their first pharmacies in the state of Ohio. After many years of providing quality pharmacy and complementary services to their LTC partners, Pharmacy Specialty Group ([PSG](#)) has elected to sell its long-term care pharmacy businesses in Brecksville and Westerville Ohio.

“We have been assessing the state of Ohio for some time as a potential HealthDirect market, and we could not be happier to see this opportunity finally come to fruition” said Brian

Scott, HealthDirect President. “It’s not often you find an organization that is so well matched from a mission and vision standpoint, so we are thrilled to have found that with PSG,” Scott said. “Our objectives for the state of Ohio will be consistent with our previous pharmacy conversions; we will look to supplement the existing high-quality services provided by PSG with HealthDirect’s programs and infrastructure, and offer that package to the more than 1,700 LTC communities in our new service-radius.”

The regions served by Pharmacy Specialty Group and the operations of the pharmacies themselves fit ideally into HealthDirect's strategic growth plan. Additionally, this move aligns well with their expansion west of Pittsburgh where they currently operate two pharmacies (Washington and Latrobe, PA).

“We were fortunate to find a pharmacy group who share our values and prioritize customers and staff as we do,” said Anthony Coury, co-owner of PSG, “HealthDirect understands the needs of nursing facilities, AL and the IDD markets, and are committed to providing the same high level of
