“Once again, electronics are at or near the top of everyone's gift-giving list this Father's Day,” explains Paul June, VP of Marketing for Anaheim-based Mobile Edge. “The problem is unless you're doing a daily inventory of every gadget your father uses for work or play, it's difficult to know what to get him. This year, Mobile Edge is making it easier than ever for you to get your Dad a work or gaming 'go-bag' to store, organize, and protect all that gear, or get the accessories he needs to fill it, with big, sitewide savings off regular prices at our online store through June 20.”

A Go-Bag He Can Use All Year Long

Whether he's a home professional or works at a corporate office, your dad will appreciate the sleek, elegant style of Mobile Edge's Graphite Corporate Briefcase. Fitting laptops up to 16 inches, it's ideal storage and protection for home office executives and road warriors, with padded pockets for a tablet or e-reader, storage for accessories, plus a zip-down workstation.

If a backpack is more your father's style, our edgy, industrial-looking Graphite Premium Backpack might be more to his liking. Designed to accommodate laptops up to 17.3 inches, it features padded pockets for digital media and accessories, a headphone pass-through port, a removable smartphone pocket, and lots of other features.

For dads who are gamers at heart, the roomy and rugged Core Gaming Backpack easily stores laptops and gaming consoles, plus features plenty of storage for assorted cables, chargers, headphones, a gaming mouse, keyboard, and even personal items. It's pre-wired for a power bank and it's also TSA checkpoint-friendly, making it perfect for a weekend gaming getaway. One version even features a hook and loop panel for displaying company and team badges and patches.

For the eco-conscious, Mobile Edge's ECO Backpacks are made of 80% natural cotton canvas. This eco-friendly backpack is full-featured, with a dedicated, padded compartment for laptops up to 17.3 inches, a removable ID Holder, and separate sections for files, folders, and miscellaneous gear.
