

# WEYTEC launches ultraFLEX Nano PC

*The Nano PC is ideal for mission-critical workplaces in 24/7 control rooms and trading floors with KVM solutions*

UNTERENGSTRINGEN, ZURICH, SWITZERLAND, June 16, 2021 /EINPresswire.com/ -- WEY Technology ([WEYTEC](https://www.veytec.com)), a leading global KVM-over-IP specialist, introduces its latest product: the [ultraFLEX](#) Nano PC for mission-critical business environments. This compact and highly efficient Nano PC enhances system reliability and contributes to Green IT.

All WEYTEC ultraFLEX PCs are built for 24/7 operations. Thanks to low noise and heat emissions, the Nano PC can be installed both at the desk and in the system room. The ultra-slim design fits into a standalone chassis or in a standard 19" chassis with up to a total of 16 Nano PCs.

The Nano PC is a little powerhouse, offering maximum computing speed with modest power consumption. Each device supports up to two screens and 4K resolutions. The Nano PC has two Gigabit Ethernet ports and redundant power supplies (optional).

The ultraFLEX Nano PC is now available through WEYTEC entities and partners worldwide.
