

Standard For Success Adds McREL Evaluation Frameworks to Product Offerings

SFS, one of the country's leading provider of teacher evaluation software, has announced an agreement to offer McREL International's evaluation frameworks.

INDIANAPOLIS, IN, US, June 17, 2021 /EINPresswire.com/ -- One of the country's leading provider of [teacher evaluation](#) and educational program evaluation software, [Standard For Success](#) (SFS), has announced an agreement to offer [McREL International's](#) teacher, principal, central office, and superintendent evaluation frameworks to the SFS portfolio of products.

McREL's CUES teacher evaluation framework is based on the proven instructional strategies from its Classroom Instruction That Works research analysis and promotes teachers' professional growth. The administrator evaluation frameworks are founded on McREL's Balanced Leadership analysis of effective principal and central office leadership and their connection to student success.

"The addition of McREL's frameworks to the SFS family of offerings further enhances our ability to meet the expectations of high-performing school districts, all in line with fostering educator growth to help build better teachers, better students, and a better world," said Todd Whitlock, CEO and co-founder of Standard For Success.

"We're pleased to partner with Standard For Success to make our evaluation frameworks available to more schools and systems across the country, supporting the professional growth of educators," said Bryan Goodwin, CEO and president of McREL.

SFS has announced several national partnerships already in 2021, including SERRC, Alaska's Educational Resource Center, The Danielson Group, University of Washington's 5D+, Jason
