*The Business Research Company's Bars And Cafes Global Market Report 2021: COVID-19 Impact And Recovery To 2030*

LONDON, GREATER LONDON, UK, June 17, 2021 /EINPresswire.com/ --

According to the new market research report '[Bars And Cafes Global Market Report 2021: COVID-19 Impact And Recovery To 2030](#)' published by The

Business Research Company, the global bars and cafes market is expected to grow from \$335.55 billion in 2020 to \$403.8 billion in 2021 at a compound annual growth rate (CAGR) of 20.3%. The growth is mainly due to the companies rearranging their operations and recovering from the COVID-19 impact, which had earlier led to restrictive containment measures involving social distancing, remote working, and the closure of commercial activities that resulted in operational challenges. The market is expected to reach \$512.98 billion in 2025 at a CAGR of 6%. As the bars and cafés market is largely driven by the spending power of its consumers, steady gains in disposable personal income are expected to boost the industry in the forecast period.
