

Updates on the MQ-9 Reaper of the USAF's 25th Attack Group presented at the UAV Technology 2021 Conference

Smi Group Reports: The Commander of the US Air Force's 25th Attack Group has been announced to present at the 6th Annual UAV Technology Conference in September.

LONDON, LONDON, UK, June 23, 2021 /EINPresswire.com/ -- It was announced earlier this year that the 25th Attack Group began flying the first active-duty operated U.S. Air Forces in Europe MQ-9 Reaper sorties in Romania via remote-split operations as of 1st February 2021.

"This is an exciting moment where we can showcase the value of the MQ-9 across the globe, not just in the Middle East," said Colonel Timothy Monroe, 25th ATKG Commander.

"We can demonstrate to our NATO allies and coalition partners that, when our Airmen are given the most difficult tasks, we rise to the occasion and bring the best of who we are to every mission that we accomplish." *

Smi Group is pleased to announce that Colonel Timothy Monroe, Commander, 25th Attack Group, US Air Force has confirmed his attendance as a speaker at the upcoming [UAV Technology conference](http://www.uav-technology.org) taking place on the 27th and 28th September in London, where he will deliver an update on the enhanced capabilities of the US Air Force's MQ-9 Reaper Unmanned Aircraft System.

For those interested in attending the conference, there is an early bird discount of £100 when you register by 30th June 2021. Register at <http://www.uav-technology.org/pr3>.

The 6th Annual Conference on...

UAV TECHNOLOGY

27th - 28th September 2021
London, UK
(Virtual Option Available)

www.uav-technology.org

UAV Technology 2021 Conference

The opening keynote briefing is titled 'Guard With Power – The MQ-9 Capabilities of the USAF's 25th Attack Group', which will discuss the following points:

- The 25th Attack Group's mission and structure
- Operational UAV capabilities of the 25th Attack Group
- Training and simulation to develop effective UAV operators
- Future operational requirements for USAF UAV missions

The [packed agenda](#) is full of senior military leaders from eight countries, plus industry technical experts from Leonardo, Mynaric, PBS Velka, Weibel Scientific and much more.

The full brochure, agenda and speaker line-up are available at <http://www.uav-technology.org/pr3>.
