Or, you jump in a taxi or take the bus to the scenic boardwalk (Malecón), which runs parallel to the Banderas Bay. You will also find a number of fascinating art galleries during your tour, as well. You might also want to visit the Church of Our Lady of Guadalupe, which is one of the iconic landmarks of this picturesque city. There are also a number of excellent tours that you can sign up for, should you be planning to spend a few days in town.

However, the biggest attractions for this sunny tourist hot spot are the beaches and their related activities. Matthew [Keezer](#) notes that two of the highest-rated beaches are Yelapa and Las Gemelas. About 45 minutes south of Puerto Vallarta, Yelapa can only be accessed by boat, while Las Gemelas is a “hidden” beach famous for its clear, turquoise-colored water. These beaches are perfect for swimming or just relaxing under the sun when you want to get away from it all. And, as you would expect, Puerto Vallarta is the perfect place to enjoy every beach-related activity that you can think of!
