UNITED STATES, June 27, 2021
/EINPresswire.com/ -- Moughenda Mikala is pleased to announce that his new business Iboga Retreat Center is now up and running with a new website. Iboga Retreat Center is now offering traditional [Missoko Bwiti Retreats](#), [Iboga Provider Training](#), initiations, Rites of Passage, and traditional shamanic healing sessions to let the world know about the profound healing capabilities of Iboga.

Indigenous to central West Africa, especially Gabon, Cameroon, and Congo, Iboga is a shrub used for ritual and ceremonial purposes. This traditional plant medicine offers both physical and mental healing capabilities and is used as a remedy for anxiety, stress, PTSD, and as a detox treatment for addiction. Bwiti is an ancient spiritual tradition that has been connected with Iboga for thousands of years. Bwiti practitioners have been using Iboga in order to

promote spiritual and mental health, as well as strengthening community bonds.

As a Missoko Bwiti Shaman with over thirty years of experience, Moughenda Mikala has dedicated his life to spreading Iboga's profound healing to today's ailing world. Fluent in English, French, and Spanish languages, he has recently returned to Gabon after traveling around the world to provide the sacred root to thousands of people. To help others benefit from the powerful spiritual rituals like the initiation ceremony and the Bwiti Rites of Passage, Moughenda has now opened up his village to the outside world.

Through Iboga Retreat Center, Moughenda Mikala is now offering traditional Missoko Bwiti Retreats. These retreats are held for 10-14 days, and take place at Moughenda's Village a few hours south of Libreville, Gabon. From the time that they arrive until the time they leave, guests will be completely taken care of by their new Bwiti family.

Some of the most important components of these traditional Missoko Bwiti Retreats include

Moughenda is also offering Iboga Provider Training for those who wish to work with Iboga as healers. These programs have a minimum duration of two months and teach everything the attendees need to know to work with Iboga and get the experience, practice, and confidence.

"Those who come to us in Gabon for a full initiation into the Missoko Bwiti will experience an authentic initiation into this tradition," says Moughenda. "One that serves to help you break through into a completely uncharted new phase of your life," said Moughenda.
