Beverly Fearon's published her new book title Burt the Dragon Gets Amnesia. The book revolves around the forest where Burt the Dragon lives. Sadly, there is a violent earthquake. One of the rocks from the top of Burt's cave falls on his head. When his very best friend Layla Fairy comes to visit him, to her shock and surprise he doesn't remember her.

On this particular Saturday morning, Layla was coming to visit Burt. They had not seen each other in a whole week, because the storms in the forest were so bad that it was not safe for Layla Fairy to come out of her cottage. Can she help him when the bump on his head is getting bigger and bigger?

Burt the Dragon gets Amnesia

Beverly Fearon was born in California. She was not like the rest of her family. She had to spend a lot of time in the hospital. Learning to walk and to play with her five sisters was very hard. As she spent time in the hospital, she learned to use her imagination. Even though the doctor said she would not live long, she is now a grandmother and sharing her ideas with others.
