

Top 5 UK iTunes Singer Songwriter Sarantos Releases New Single "EyeBANGing" On July 1st

"EyeBANGing" is a pop dance offering that follows the international iTunes hit "I Never Catch The Train"

CHICAGO, IL, USA, June 30, 2021 /EINPresswire.com/ -- After the success of his single, "I Never Catch The Train," Sarantos follows up with his witty, satirical single, "EyeBANGing." This uptempo track builds tension with the listener as it introduces the theme of a leering individual and the reactions which follow. As the main melodies are introduced, Sarantos showcases his dynamic instrumentation with his synth usage, effect choices spanning across the stereo field, and syncopated drum rhythms. Presented in a flippant manner, the subject is able to encapsulate the friction ogling at others causes, even when it is meant in a harmless manner.

When asked to comment on this theme, Sarantos mused, "Beauty is often in the eye of the beholder but when beauty takes your breath away, we might not notice our mouths gaping open and our eyes bulging. The message is to be respectful, courteous and tactful. This song pushes the envelope both lyrically and harmonically."
