

HoduCC has made it to the Gartner's Category Leaders & Front Runners List - May 2021

HoduCC -Call Center Software has made it to the Gartner's Category Leaders & Front Runners List for call recording software Report for May 2021.

DENVER, CO, COLORADO, UNITED STATES, June 30, 2021 /EINPresswire.com/ -- HoduSoft announced today, HoduCC - Call & [Contact Center Software](#) was named as Category Leaders & FrontRunners for call recording software in the list published by Gartner Digital Markets Report for May 2021. Category Leaders & FrontRunners are designed to help businesses evaluate software products that may be right for them.

"We are happy to be recognized as one of the Category Leaders & FrontRunners by Gartner. We firmly believe that the success of our client is the lever for our success. It is our vision to make innovative market leading software accessible to businesses of all sizes. The top reviews from our users are an indication that we are heading in the right direction of building the brand HoduSoft. I heartily thank all our customers and partners for trusting us." Kartik Khambhati, Co-Founder & CBDO said.

Category Leaders rankings highlight top-ranked North American software products based on ratings from end-users in five key areas: ease of use, value for money, functionality, customer support, and likelihood to recommend. Only the products with the highest scores become Category Leaders. Whereas, FrontRunners evaluates verified end-user reviews and product data, positioning the top scoring products based on usability and customer satisfaction ratings for small businesses.

"Emerging as the Category Leader and FrontRunner is a matter of pride for us. With numerous vendors in the market, it becomes difficult to pick up the right product. GetApp and Software Advice are valuable in understanding the key differences among various software and making informed buying decisions. We hope to continue the momentum and make HoduCC a global brand," he added.

GetApp, a Gartner Company, is the premier online resource for businesses exploring software as a service (SaaS) products. Buyers easily compare software products side-by-side with GetApp's free interactive tools and detailed product data.

GetApp features research, insights, trends, and validated user reviews, giving buyers the tools they need to make informed decisions for their organization.
