Shihori

Romantic angst is a key theme in 'Invisible.' Over a moody piano melody, Shihori paints an evocative portrait of a relationship almost at its breaking point. Additionally, 'Invisible' represents Shihori's first foray into contemporary dance. Alongside a renowned dancer from 'The Greatest Showman', Yusaku Komori, she rises to the challenge with

admirable conviction. She moves with an intensity that can only come from lived experiences, using the motion of her body to express herself without restraint. Clearly, this is a distinctive piece of art that will speak directly to anyone experiencing heartbreak. 'Invisible' is devastating, thought-provoking, and utterly unforgettable.

Bio-

Shihori's music champions a message of love and life empowerment. Her inspiring story begins in childhood. She felt as though she was a loner, and she was trapped in a world shaped by total deafness in one ear along with having Asperger's Syndrome. Conditions that combined to make social connection extremely difficult. She was alone and she didn't know how not to be. She found a sense of community and the ability to "belong" through music. She hopes that she can become a role model for young Asian women in America by sharing her story and music.

Shihori is a visionary New York-based singer and songwriter who has enjoyed over a decade of success in the Japanese pop industry and beyond. Her work encompasses original songs as well as compositions for internationally acclaimed anime tv shows and computer games. She boasts 11 gold-certified singles and albums that total over a million sales.
