

# Rawlins Law Provides Free Case Evaluations for Personal Injury Cases

SACRAMENTO, CA, UNITED STATES, July 2, 2021 /EINPresswire.com/ -- [Rawlins Law](#) is pleased to announce that they provide free case evaluations for [personal injury](#) cases. Their team strives to ensure every client gets the representation they need to get the compensation they deserve for their injuries.

When someone else's negligence causes injuries to an individual, they often qualify for a personal injury case. However, these cases aren't always as clear-cut as they may seem. Rawlins Law encourages injured individuals to schedule an appointment for a case evaluation to discuss the specifics of their case and determine if they are eligible for compensation. Once the lawyer determines that the client has a case, they move forward with the process of filing a personal injury claim.

Rawlins Law takes great pride in a high settlement rate for clients, with 90 percent of their cases settling within one year of filing. The team works closely with their clients to ensure they get the support they need through these challenging times and get the compensation they deserve for their accident.
