WOOD-RIDGE, NEW JERSEY, UNITED STATES, July 3, 2021 /

EINPresswire.com/ -- Created by Robert Galarowicz, this [YouTube channel](#),

[Healthy Kidney Inc.](#) offers top-quality information for thousands of kidney sufferers on managing kidney health and providing guidance on how to properly care for optimal kidney health.

Robert Galarowicz is the founder of Healthy Kidney Publishing and a kidney health expert with years of success in providing information for thousands of people and is notably a sufferer of kidney disease. This new YouTube channel allows kidney sufferers to learn all aspects of kidney disease and provides high-quality content and information on understanding how to properly care for kidney health.

Chronic kidney disease (CKD) is a condition where one experiences a gradual loss of kidney function over time. Nearly thirty-seven million American adults have chronic kidney disease including many others who are at an increased risk. Early detection is crucial and can help prevent the progression of kidney disease to kidney failure. The main two causes of chronic kidney disease are high blood pressure and diabetes, which are responsible for two-thirds of cases. Usually, when kidney disease progresses, it may eventually lead to kidney failure, which requires dialysis or a kidney transplant to maintain life.

But fortunately, now people who suffer from chronic kidney disease (CKD) can have a resource of endless information and answered questions that will help guide them on the path to reaching optimal kidney health. It provides people with quality information from a health expert who has experienced what many other sufferers currently face today.
