ELIZABETH, NJ, UNITED STATES, July 5, 2021 /EINPresswire.com/ --

Money4Vehicle, a junk car removal service company, based in Elizabeth, New Jersey, and operating at numerous locations across New Jersey is thrilled to announce an exciting offer to its customers. Now, customers can sell

their [junk car for cash](#) up to \$5,000, and this offer is valid till the 31st of August, 2021. This is an old establishment dealing in junk cars, used cars, and damaged cars since February 2006. The business is owned and operated by Mr. Eli and under him, there is a renewed focus on guiding the customer through the entire process and enabling easy, timely, and free pickup of the car.

Operating at a total of nearly 119 locations in New Jersey, any person looking to get good value for their junk cars can avail themselves of a variety of offers and direct cash-in-hand on turning in their vehicles. This is one of those places that truly offer a reasonable rate and offer a range

of services related to junk or used cars. Money4Vehicle specializes in making the car selling process as basic and hassle-free as possible. Once a customer provides the VIN number or shows the license plate, the car is subsequently checked by experts, and a reasonable price is offered vis-à-vis the condition of the car. If the price is agreed to by the customer, the payment is paid on the same day itself. The burden of paperwork is also completely taken care of by the company itself.

This enterprise also offers the option of [“Sell My Car”](#) on receiving the details of the car and

valuing it through experts. They also provide a separate special option for cars delivering impressive mileage and also deal in used car models dating back to 2006 models. Specializing in cash for car services, any car in any state is eligible to be bought off by the company and even a reasonable rate is paid for it. For cars facing severe damages, it sometimes makes more sense to sell it off rather than going in for repairs, and Money4Vehicle has got one covered there too. Most people do tend to think that a damaged car is lost forever and the value obtained for it would in no way be any reasonable compared to the investment that went into it in the first place. This is not the case here as Money 4 Vehicles provides the maximum price possible with respect to the conditions of the car.

Their toll-free number is +1-888-712-2774 and their mobile number is +1-973-321-3003. They have their own website and Google business page where their owners can provide honest opinions about the kind of service they received and even post the pictures of the [car for cash](#) the company paid for. One of the main highlights of their services is that even the most damaged, broken, burnt, crashed cars have all been sold here for a decent price. At the end of the day, the maximum \$5,000 payout for junk and used cars sure does look like an attractive proposition in the current market scenario and this is one of the offers to look out for.
