

# Nextbrain Technologies Spreads Its Wings in Dallas, USA to Expand Its Global Presence

*Nextbrain Technologies, a leading mobile app development company has expanded its presence in Dallas, USA with an aim to extend its services all over the world.*

DALLAS, TEXAS, UNITED STATES, July 6,

2021 /EINPresswire.com/ -- In the present scenario, most of the entrepreneurs are reshaping their business to online through mobile applications. Many organizations are considering the fact that mobility is an important requirement for business expansion and better customer reach.

As the mobile apps have the capability to enhance the brand visibility, the demand for mobile app development has been increasing in 2021.

With 3.48 mobile apps available in the leading app stores, the users are projected to download 196 billion apps in 2021 generating a great revenue for the mobile app industry. This statistics clearly shows that mobile app development companies have a lot to provide for the digital world for their business growth and brand visibility. There are extensive options for business owners to boost their mobile applications in the United States, but it is really challenging to identify a reliable [mobile app development company](#).

“
