About the Author:

While this is Jenna Feitelberg's first authored book, she's no stranger to creativity, having loved

writing poetry from a young age. One day, Jenna decided to share her collection of children's poems with her two daughters. While the collection had no name at the time, her daughters called it "The Baby Cow" and asked her to read it over and over. With the encouragement from her husband, Jenna decided to publish the collection of stories so that more parents could enjoy them with their children.
