UNITED STATES, July 7, 2021
/EINPresswire.com/ -- They're not just for Employers. Anyone who owns a business should have an [EIN](#). From Consultants to Sole Proprietors to hobbyists who earn a bit of money on the side. EIN's are on the rise because they act as a shield between your business and personal identity.

- Protect your personal identity by using an EIN for business
- EIN's are a business's social security number
- One-bundle licensing - Everything a Sole Proprietor needs to be legit.

“

Kaseya said in a statement on Monday that approximately 50 of its direct customers were breached in the attack that began to unfold on Friday. But hundreds more companies were affected because many...”

Alex Marquardt, CNN Business

Free EIN to all who dared to dream in America.
Celebrating our nations 244th birthday

Whenever you're required to give your social security number for a business-related transaction you should be giving your EIN instead. EIN's are a business's social security number. As in today's instance, the ransomware attack on Kaseyaa, new and established business owners must be mindful of the great risk the dark web has on firmly established. Protecting your social security number has never been more important than it is now.

Kaseya said in a statement on Monday that approximately 50 of its direct customers were breached in the attack that began to unfold on Friday. But hundreds of more

companies were affected because many of Kaseya's customers provide IT services to small businesses such as restaurants and accounting firms. - Alex Marquardt, CNN Business July 6, 2021
