## ABOUT PROJECT GIVING KIDS

Project Giving Kids (PGK) facilitates pathways for young volunteers to build a more compassionate world by making it easier for kids, teens, and families to engage in volunteer service. Through its easy-to-navigate website, a mobile app for teens, toolkits and educational resources, and an annual Create the Change® event, PGK helps youth volunteers understand the importance of service and connect directly with vetted nonprofit partners.

"I feel so lucky to have found Project Giving Kids. I am so impressed with the number and variety of organizations that they partner with...I especially feel great to be doing this during COVID since we can't actually go places to volunteer. It feels good to be making a difference from home. Thank you for giving us the opportunity!" - Meg K., PGK Parent

While the pandemic has changed a lot of things in 2020, it has not changed PGK's commitment to providing youth with opportunities to make a difference when communities are struggling more than ever. ## ABOUT SUMMER SERVICE SERIES

Project Giving Kids launched two new cause areas this summer - Achieve Justice For All and Build Creative Communities - and we are excited to feature some of our amazing partners who are working to level the playing field both in the classroom and out. Art, education, activism, and equity are at the heart of these new causes because they are vital to creating the fair and inclusive world we hope to one day see.
