

# Santo XR-NFT Exclusive Collaboration Experience with Renown French Pop Artists jerome PESCHARD

*Creating an artistic bridge between the the physical world to the digital world via XR-NFTs technology*

HO CHI MINH CITY, VIETNAM, July 13, 2021 /EINPresswire.com/ -- [Santo](#)

Mining Corp. dba Santo Blockchain Labs (OTC PINK: SANP) today

announces an XR-NFT exclusive collaboration experience with Renown French Pop Artists [jerome PESCHARD](#). In this historical artistic collaboration, the Company has started the use of the iReal 2E color 3D scanner to scan the metal sheets jerome PESCHARD uses as his medium of choice.

“

If Math is God's Universal Language, Then Blockchain is his Commerce and Bitcoin his Currency"

*Frank Yglesias-Bertheau*

The iReal 2E color 3D scanner, with a process rate of 1,500,000 point per second, gives the technicians the ability to capture the minute details of the metal sheets of jerome PESCHARD. Once the metal sheets are scanned, they go to the 3D processing department, where the data gets cleaned up pixel-by-pixel. Once jerome PESCHARD has approved the quality of the 3D telemetry, is where the true magic happens, jerome PESCHARD digitally designs a

unique one of a kind master piece, in which selected elements chosen by jerome PESCHARD will have a unique 3D augmented reality component embedded on the blockchain using XR-NFTs. This process of merging art, 3D imaging, augmented reality, sound and blockchain NFTs, truly creates a unique one of a kind eXtended Reality Non-Fungible Token XR-NFT experience, never felt before.

Franjose Yglesias CEO of Santo stated, "This is so exhilarating to work with such a creative and unique master pop artist like JP. With his creativity incapsulated in our XR-NFT technology we will totally disrupting the Art and NFT community. During the weeks to come we will be announcing a series of XR-NFTs that JP is currently designing." additionally jerome PESCHARD commented, "this is a natural evolution of art, as humans evolve to this hybrid lifestyle of reality and digital. This evolution will not only transcend humankind, but it will be a part of the human race into space, where these XR-NFT will travel to outer galaxies with us".

ABOUT jerome PESCHARD

Jerome Peschard, A.K.A Skullface, a contemporary French pop artist exiled in Ho Chi Minh City,

Vietnam since the 2010s. Self-taught and influenced by the Universal “Pop Culture-Urban-Comics”, his focus is on the importance of illustration, the texture and the support that allows him to express his Asian everyday life with its risks and unforeseen events. Thus mixing fiction and reality.

It is also the entanglement of the frustrating and ceaseless streams of his thoughts as an esoteric artist. His ideas multiply endlessly. They never stop. Mr. Peschard has over 35 years of professional experience in the field of comics, multimedia, animation and designing toys! It is only natural to him, with all of these cultural codes and references circulating, that he collages them all into an art form.

## ABOUT SANTO

The Company is a vertically integrated blockchain and cryptocurrency company that manages, operates, and develops end-to-end "BaaS" Blockchain-as-a-Service, similar to software-as-a-service, blockchain as a service lets businesses get applications up and running with minimal hassle. This allows higher agility and quicker blockchain adoption. Blockchain applications are becoming more and more desirable, but they can be challenging to set up for smaller businesses or organizations with limited IT resources. A blockchain-as-a- service provider can provide professional assistance in addition to their hosting services. Additionally, the Company develops solutions such as smart digital contracts, non-fungible tokens NFTs, digital to physical assets tokenization, eXetended reality, and IoT internet of things for everyday life.

## FORWARD-LOOKING STATEMENTS

This press release contains forward-looking statements within the meaning of the federal securities laws. All statements other than statements of historical fact included in this presentation are forward-looking statements. These statements relate to analyses and other information, which are based on forecasts of future results and estimates of amounts not yet determinable. These statements also relate to our future prospects, developments, and business strategies. These forward-looking statements may be identified by the use of terms and phrases such as "anticipate," "believe," "could," "estimate," "expect," "intend," "may," "plan," "predict," "project," "target," "will" and similar terms and phrases, including references to assumptions. However, these words are not the exclusive means of identifying such statements. Although we believe that our plans, intentions, and expectations reflected in or suggested by such forward-looking statements are reasonable, we cannot assure you that we will achieve those plans, intentions, or expectations. All forward-looking statements are subject to risks and uncertainties that may cause actual results to differ materially from those that we expected or may prove unachievable.

The Company's business and prospects must be considered in light of the risks, expenses, and difficulties frequently encountered by companies working with new and rapidly evolving technologies such as blockchain. These risks include, but are not limited to, an inability to create a viable product and risks related to the issuance of tokens. The Company cannot assure you that it will succeed in addressing these risks, and our failure to do so could have a material adverse effect on our business, financial condition, results of operations, and prospects. There can be no assurance as to whether or when (if ever) the Company will achieve profitability or liquidity.

The forward-looking statements included in this press release are made only as of the date hereof. We undertake no obligation to publicly update or revise any forward-looking statement as a result of new information, future events, or otherwise, except as otherwise required by law.
