

Dunlop Motorcycle Tires Launches the All-New GT503 Tire

With the announcement of Harley-Davidson's new Sportster S, Dunlop is releasing the all-new GT503.

RANCHO CUCAMONGA, CALIFORNIA , USA, July 13, 2021 /EINPresswire.com/ -- With the announcement of Harley-Davidson's new Sportster S, Dunlop is releasing the all-new GT503. The GT503 was designed specifically for the aggressive look and high performance of H-D's new motorcycle. Developed to meet the high standards of Harley-Davidson, the GT503 combines construction, compound, and tread design to provide the ultimate in tire performance for the new H-D Sportster S. Riders will experience the kind of performance only Dunlop delivers.

Features and Benefits

- Aggressive tread pattern maximizes the land-to-sea ratio to offer superior dry-grip while also utilizing tread grooves that are long in length to enhance wet-weather performance
- Radial construction featuring Steel Jointless Belt (JLB) technology delivers more responsive and consistent handling while also providing a more compliant ride
- New compound has been formulated to provide excellent grip and mileage
- Sidewall design proudly features the

With the GT503 tire, riders will experience the kind of performance only Dunlop delivers.

GT503 Tire: High Performance Features and Benefits

Harley-Davidson name and updated styling

- New “wide” front tire size (160/70R17) provides a custom fat tire look, while still offering light and responsive handling
- Available exclusively through Harley-Davidson dealers
