

# California Gubernatorial Candidate, Jeff Hewitt, to visit Bay Area and Oroville for Fundraisers and Dam Tour

*Riverside County Supervisor to Speak on State's Aging Water Infrastructure*

CASTRO VALLEY, CA, USA, July 13, 2021 /EINPresswire.com/ -- Jeff Hewitt, Riverside County Supervisor and California Gubernatorial candidate in the upcoming September 14th recall

election, will be coming to Westover Winery, in Castro Valley, CA, for an evening BBQ fundraiser Friday, July 16th, 2021 as part of a quick visit to Northern California. The following day, Saturday, July 17th, Hewitt will be touring Oroville Dam to inspect one of California's important water resources, followed by another fundraiser meet-and-greet at the South Side Community Center, in Oroville.

“

Given our state has an agricultural industry of \$50, water is one of my top issues to address with fiscally sensible solutions that will greatly improve our water supply to farms and residents.”

*Jeff Hewitt, Riverside County Supervisor*

One of Hewitt's key platform issues is addressing the state's long ignored aging water infrastructure, and he wants to share his vision of fiscally sensible solutions to improve and upgrade the state's water resources management of one of its most precious resources. “Water is the lifeblood of any state. You cannot have people unless there is water. Given our state's population of nearly 40 million people, and an agricultural industry of \$50 billion that is famous for feeding the world, as Governor, water would be one of my top issues to address immediately, with fiscally sensible solutions that will greatly

improve our water supply to farms and residents,” said Hewitt.

At both the Castro Valley and Oroville fundraiser, Hewitt will be meeting with attendees, and answering any questions about his policies on housing, education and school choice, the state's looming pension crisis, or any other policy topic of their choice. There will be no curating of questions, all topics will be open to discussion.
