

# Healthy diet is important for everyone

---

*Healthy diet is important for everyone , Dried Apricots are rich in Vitamin B and C. They are free from fat, high in fiber, and very nutritious*

MALATYA, BATTALGAZI, TURKEY, July 14, 2021 /EINPresswire.com/ -- Healthy diet is important for everyone. It helps the body grow and improves body functions, also protects body from diseases and sickness , is important for everyone to consider a healthy lifestyle for a longer better life.

There are several types of nutritious food items as well as fruits available that help individuals in improving their health, reducing the risks of illness and maintaining a healthy weight. These days, [dried apricots](#) have gained a huge popularity. It is because they offer excellent health benefits. They are delicious, tasty, and easy to digest. Not only this, dried apricots are rich in Vitamin B and C. They are free from fat, high in fiber, and very nutritious. There are a number of benefits associated with apricots. It fights against heart diseases, high cholesterol, high BP, poor vision problems, cancer, and so on and It is also helpful in maintaining weight. By adding this fruit in your diet, you can promote the health of your eyes, hair and skin.

Unsulphured Dried Apricots are stored under clean, dry and well ventilated environment. Natural Dried Apricots are other variants that are collected from trees and not cured by sulphur dioxide. The natural products are not treated with sulphur; rather they are pitted and then dried under the sun for 2 to 3 days naturally. These products are double-washed mechanically to remove foreign particles and materials. Final [Sun Dried Apricots](#) are packed into containers with metal detection for final checking. Without any additives and preservatives in the natural dried apricots, these are finest quality products one can ever enjoy. All processes involved in producing these, are conducted under higher standards of maintenance and regulations.

The production and manufacturing staff is careful with their job and ensure cleanliness and good hygiene in their work. With years of practice and excellence in manufacturing. Shelf life of Sun Dried Apricots is two year. [Diced Dried Apricots](#) is produced from Conventional Dried Apricots. All production processes up to the cutting stage are the same with Conventional Dried Apricots. Conventional Dried Apricots are mixed with rice flour during the cutting stage to prevent sticking during cutting, and they are cut in various sizes according to the customer's demand. Diced Dried Apricots flour usage areas are used in patisseries, ready-made food factories, yogurt industry. Shelf life is 2 years.

Having decades of experience in hand, the company continues to produce apricots in Malatya in quality-oriented work performed by an experienced team. All the products that are

manufactured by Aprifood Agricultural Industry Limited come in accordance with TS 485 standards following both US AND EU norms. Furthermore, the company is Kosher, ISO 9001:2000 and ISO 22000, A grade BRC certificated
