Blue Raven Solar, a leader in residential solar, today announced it was recognized as a Best Company for Career Growth by the 2021 Comparably Awards

OREM, UTAH, UNITED STATES, July 16, 2021 /EINPresswire.com/ -- Blue Raven Solar has grown

“

We strive to make Blue Raven Solar a place that breeds success individually and collectively. One of our fundamental values is to respect and empower each other and help each other grow.”

Ben Peterson, CEO

rapidly over the last seven years and has seen thousands of employees grow professionally with the company. The environment and culture were founded upon efficiency and continuous improvement, which has given employees the tools they need to succeed.

“We strive to make Blue Raven Solar a place that breeds success individually and collectively,” says CEO, Ben Peterson, “One of our fundamental values is to respect and empower each other and help each other grow.”

The company has been recognized for its career

opportunities and excellent work-life balance through past awards like the Salt Lake Tribune’s Top Workplaces, Glassdoor’s 2021 Best Places to Work, and being rated as one of Glassdoor’s Highest Rated Companies for work-life balance during COVID-19. The company maintains a culture of promoting from within.

Comparably CEO Jason Nazar said, “The Best Companies for Career Growth recognizes organizations like Blue Raven Solar that continue to successfully groom and mentor the future leaders of tomorrow, according to those who know best -- employees.”

The Comparably Awards for Best Companies for Career Growth rankings are based on anonymous ratings from employees during a 12-month period (June 23, 2020, through June 23, 2021) about the professional development and career growth opportunities voluntarily provided by the employees of the company. There were no fees or costs associated with participating, nor was nomination required. To qualify, large companies (500+ employees) must have met a minimum of 75 employee participants. Additional weight was given to companies with more employee participation, for statistical significance. The final data set was compiled from 10 million ratings across 60,000 U.S. companies.
