“

With Bao’s support, we have the ability to bring healing and education to a wide network of individuals across many demographics.”

Life Griffith, Founder and Executive Director at Veteran Health Solutions

A leader in the alternative wellness space, Hhemp.co has built a corporate culture rooted in social responsibility and prioritized by CEO Bao Le. During a recent industry conference, Le met Life Griffith, Founder and Executive Director at Veteran Health Solutions. They instantly connected over a shared passion of giving back and helping those in need.

“This partnership is truly a gift. A true hero isn’t measured by the size of his strength, but by the strength of his heart. With Bao’s support, we have the ability to bring healing and education to a wide network of individuals across

many demographics,” stated Griffith.

A 19-year U.S. Army Disabled Veteran, Griffith was a senior medic, and received numerous accolades while in service, including the Global War on Terrorism Medal and Joint Service Medal of Achievement. Following his military career, Griffith worked at the Veterans Benefits Administration as a Legal Administrative Specialist and Minority Program Coordinator in Los Angeles, which inspired him to ultimately establish Veteran Health Solutions.

"I use the acronym Helping Educate Misinformed People which spells out HEMP when speaking with veteran groups. I want to give them the tools and resources to reexamine the narrative and help erase the negative stigmas associated with CBD products," Griffith explained.

In addition to the partnership with Veteran Health Solutions, Hhemp.co is donating 100 percent of profits from its new dietary tincture line to veteran nonprofits. The tinctures were specifically formulated to be more accessible to the veteran community, offering higher doses than competitors at more affordable prices.

"Life is truly an inspiration. His service-based leadership and community forward approach aligns with who we are and what we want to accomplish at Hhemp.co," said Le.

Both Veteran Health Solutions and Hhemp.co will be on site at the CHAMPS Las Vegas counterculture business event, July 27-29, 2021, in the Las Vegas Convention Center.

Veteran Health Solutions - First To Care (VHS) is a non-profit dedicated to providing education and alternative solutions to the veteran community about the value of hemp CBD products. VHS was created by one U.S. Army medic, Life D. Griffith, who wanted to ensure that veterans had access to an alternative source of wellness to combat the opioid crisis that continues to plague the veteran community. Since 2015, VHS has been supporting our veteran community members in a variety of ways and measuring our success not by monetary size, but by more qualitative measurements such as the scale and effectiveness of education and product delivery. Just imagine what we can achieve together!
