

# Cannabinoid-Infused Sanitizers, A Latest Trend Adopted By The Hand Sanitizers Market Players Post Pandemic

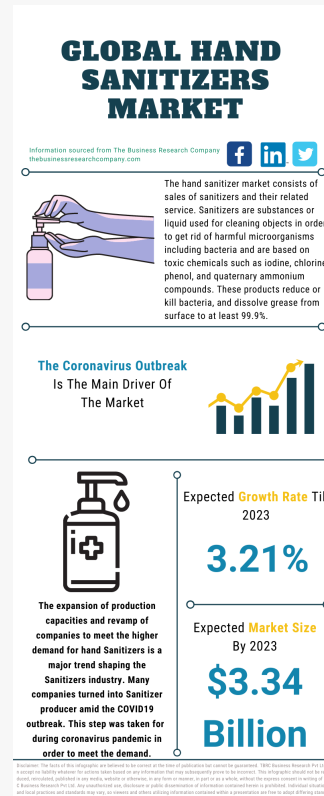

*The Business Research Company's Hand Sanitizers Global Market Report 2021: COVID-19 Growth And Change To 2030*

LONDON, GREATER LONDON, UK, July 19, 2021 /EINPresswire.com/ -- In March 2020, Agritek Holdings, Inc., USA-based active investor and operator in the legal cannabis sector, announced the acquisition of Full Spectrum Biosciences Inc., including a new product line of RehabRx CBG infused hand sanitizers. Full Spectrum Biosciences Inc.'s acquisition is expected to provide Agritek Holdings, Inc. with additional revenue platform, as both companies together plan to launch hemp-based nutraceutical products for a growing consumer segment. With the COVID-19 outbreak, Full Spectrum Biosciences Inc. is to launch cannabinoid-infused, aloe-based hand sanitizer products containing CBG or cannabigerol. Full Spectrum Biosciences Inc. was founded in 2018 is focused on IP formulation of premium brands and genetic mapping of cannabis strains.

The expansion of production capacities and revamp of companies to meet the higher demand for hand sanitizers is a major trend shaping the sanitizers

The hand sanitizer market consists of sales of sanitizers and their related service. Sanitizers are substances or liquid used for cleaning objects in order to get rid of harmful microorganisms including bacteria and are based on toxic chemicals such as iodine, chlorine, phenol, and quaternary ammonium compounds. These products reduce or kill bacteria, and dissolve grease from surface to at least 99.9%.

**The Coronavirus Outbreak Is The Main Driver Of The Market**

**Expected Growth Rate Till 2023: 3.21%**

**Expected Market Size By 2023: \$3.34 Billion**

The expansion of production capacities and revamp of companies to meet the higher demand for hand sanitizers is a major trend shaping the Sanitizers industry. Many companies turned into sanitizer producer amid the COVID19 outbreak. This step was taken for during coronavirus pandemic in order to meet the demand.

industry. For instance, in March 2020, Bell International Laboratories, vertically integrated cosmetics manufacturer, announced the expansion of their production for alcohol-based hand sanitizers (gels and sprays) and aimed to produce 22 million units in April. Moreover, companies such as Radio Khaitan and Bacardi, manufacturers of alcoholic drinks turned into sanitizer producers amid the COVID-19 outbreak. This step was taken as companies' contributions during coronavirus pandemic in order to meet the increasing demand for hand sanitizers for health and hygiene. Therefore, increasing production capacities and companies entering into the production of hand sanitizers is a key trend for the sanitizers market growth.
