

Manufacturer Super Brush LLC Will Exhibit Their Technologically Advanced Foam Swabs at MD&M West 2021

The Super Brush sales and development team will be back to exhibit at the annual MD&M West trade show on August 10-12, 2021, in Booth #1862.

SPRINGFIELD, MA, US, July 19, 2021 /EINPresswire.com/ -- Manufacturer Super Brush LLC Will Exhibit Their Technologically Advanced Foam Swabs at Medical Design & Manufacturing West from August 10-12, 2021.

The Super Brush sales and development team will be back on the road this August to exhibit at the annual MD&M West trade show in Anaheim, California on August 10-12, 2021, in Booth #1862. The team will be showcasing their diagnostic testing kit swabs, as well as swabs for device assembly operations, swabs for inclusion in medical kits and trays, and swabs for cleaning electronics and printers.

The USA manufacturer Super Brush will be at booth #1862 for all three days in the Anaheim Convention Center exhibiting their lint-free, durable foam swabs at MD&M West - the world's largest medical design and manufacturing event. 20,000 advanced manufacturing professionals are expected to attend to familiarize themselves with the latest technologies in biocompatible materials, components, assembly, and contract manufacturing – fields in which Super Brush LLC lint-free swabs have provided critical solutions.

According to Misty McGinnes, Super Brush's General Manager, "It has been a busy year for Super Brush with the increased global demand for foam swabs."

"It is great for Super Brush to be able to get back on the road and have face-to-face meetings with manufacturers and product developers in this critical, fast-paced and ever-changing global medical arena. Although Super Brush has been serving this industry for decades, the MD&M West show is a perfect opportunity to demonstrate the value a US manufacturer of innovative,
