

# Krayden, Inc. Announces New, Upgraded Value Added Services

*Krayden Updates Value Added services with: Vendor Managed Inventory, Quick Delivery Laser-Cut Preforms, Same Day Shipping on Vacuum Bagging Materials and more*

DENVER, COLORADO, UNITED STATES,  
July 19, 2021 /EINPresswire.com/ --

Krayden, Inc.

Denver, CO based Krayden, Inc., a leading Distributor of Specialty Chemicals to the Aerospace, Electronics,

Transportation, Energy and Industrial sectors, has added the following upgraded value-added services to support their partner customers:

## Krayden Managed Inventory (KMI)

KMI is a web based (no install required) proprietary program that measures consumption, shelf life, order status and usage history in real time. With scheduled reporting and dashboards, KMI will track projects and/or custom codes to reduce entry errors, improve fill rates and reduce stock outs.

[Check out KMI here](#)

## Quick Delivery Laser-Cut Preforms

Through new acquisition Bonding Source, Krayden offers in-stock, immediate delivery of epoxy pastes/films, custom pre-forms, bonding wire, bonding ribbon, wire bonding tools and hot plates to serve the microelectronics and RF/Microwave industries.

## Same Day Shipping on Vacuum Bagging Materials

Through new acquisition Northern Composites, Krayden now offers Northern Composites

branded vacuum bagging materials and composites to serve the Medical, Aerospace and Marine industries. Our portfolio includes prepregs, process materials, woven reinforcements, component resins, release agents and more.
