

North American Diagnostics Receives CE Mark for SARS-CoV-2 Oral Rapid Antigen Test

North American Diagnostics, NAD announced Tuesday that its SARS-CoV-2 oral rapid antigen test received CE marking

DAYTONA BEACH, FLORIDA, UNITED STATES, July 20, 2021

/EINPresswire.com/ -- The point-of-care test, doesn't require an instrument and

returns results in 20 minutes, the company said. It is intended for use in both symptomatic and asymptomatic patients. At this time, clinical trials are also being conducted for use in symptomatic patients both [Oral](#) (Oropharyngeal and Gentle Nasal. North American Diagnostic's

SARS-CoV-2 Rapid Test has a [high sensitivity](#) of 97.0 percent and specificity of 100.0 percent based on samples from two study centers, the United States based company noted.

“

According to Paul Singh, depending upon volume, the company will price the test kits for third world nations as low as \$2.00 and will launch in countries accepting such designation.”

Paul Singh

Paul Singh, spokesman said it also plans on filing for Emergency Use Authorization with the US Food and Drug Administration once the supplemental clinicals trials in Africa are completed. Upon launching the rapid chromatographic test, the company said it will have 10 million available per month, with plans to double capacity

by the end of 2021.

According to Elizabeth Lashinsky, depending upon volume, the company will price the test kits for third world nations as low as \$2.00 and will launch in countries accepting such designation.
