

# ACS Solutions Achieves AWS Managed Service Provider (MSP) Designation

*US based business transformation and digital strategy major is re-certified as an AWS MSP Partner for the third time in a row*

DULUTH, GA, USA, July 22, 2021 /EINPresswire.com/ -- American CyberSystems, Inc. ([ACS Solutions](#)), a leader in business transformation and digital strategy, today announced continuing validation of meeting the standards of and acceptance into the robust Amazon Web Services (AWS) Managed Service Provider (MSP) Partner Program.

ACS Solutions - IT and Digital Transformation Solutions

The AWS MSP Partner Program is designed to validate and promote [AWS Partner Network \(APN\)](#) Advanced and Premier Tier Consulting Partners, providing end-to-end AWS solutions to customers. The AWS MSP Partners help customers solve complex business needs at any stage of their cloud adoption journey. AWS MSPs designation helps grow and promote a business across four key areas: Plan & Design > Build & Migrate > Run & Operate > Optimize.

AWS Partners leverage next-generation business and technical best practices to build a holistic AWS-based business and are validated against a rigorous bar to achieve the AWS MSP designation. Through AWS MSP Partner Benefits, partners can transform AWS-based businesses, earn industry and analyst recognition, increase visibility with customers and AWS, and gain go-to-market support.

"ACS Solutions is proud to receive the AWS MSP Partner designation for the third year," said Rajkumar Velagapudi, President, [Innova Solutions](#), An ACS Solutions Company. "Being part of the AWS MSP Program is an integral component of our managed cloud services offerings. Our focus will always be obsession with helping our customers with IT transformation to realize the business benefits of AWS."

By migrating to and building on AWS, companies around the world are re-defining what's

The AWS MSP Program is an integral component of our managed cloud services offerings. We are focused on helping our customers with IT transformation to realize the business benefits of AWS.”

possible. The explosive growth of technology solutions available on AWS and APN Partners, combined with the need for faster and more agile solution development, raises many opportunities for companies seeking to modernize their business. The AWS MSP Program was created to help customers identify validated APN Partners skilled at cloud infrastructure and application migration, and deliver value to customers by offering proactive monitoring, automation, and management of their customer’s environments.

From on-premise to SaaS to the public cloud, organizations today can immediately benefit from ACS Solutions “Next Generation Managed Services” that are modern in design,

focusing on automation, declarative configuration, leveraging Artificial Intelligence /Machine Learning (AI/ML), and promoting self-service.
