

# Red Piranha announces strategic partnership with ART IT Solutions to provide Crystal Eye XDR to Europe

PERTH, WESTERN AUSTRALIA, AUSTRALIA, July 22, 2021 /EINPresswire.com/ -- [Red Piranha](#), Australia's leading developer and manufacturer of advanced cybersecurity technology, is delighted to announce that we're continuing our global growth by partnering with [ART IT Solutions](#) to distribute our pioneering cybersecurity solutions to the European market.

This is Red Piranha's second export permit issued by the Australian Defence Export Office; we're so grateful for the constant guidance, support, and assistance we've received from Defence West and AusTrade.

Red Piranha achieves second export permit to distribute Crystal Eye XDR to Europe

“

Red Piranha is thrilled to enter a new strategic partnership with ART IT Solutions, one of the leading Managed Service Providers (MSP) within Central Europe.”

*Adam Bennett, CEO of Red Piranha*

Polish ART IT Solutions is a key supplier of IT and security solutions across Central Europe, including Poland, the Czech Republic, Hungary, Slovakia, Romania, Bulgaria, Lithuania and Latvia. This partnership will see ART IT become a licensed partner and retail our suite of comprehensive cybersecurity solutions to their clients across Central Europe.

“Red Piranha is thrilled to enter a new strategic partnership with ART IT Solutions, one of the leading Managed Service Providers (MSP) within Central Europe. We're confident that this alliance will be key to the expansion of our [Crystal Eye](#)

[XDR](#) and related cybersecurity services throughout Europe, joining forces to successfully protect their clients from the most sophisticated cyber threats, including ransomware, phishing and zero-day social engineering attacks.” Adam Bennett, CEO of Red Piranha

This partnership highlights the strength of our global partnership program and is another positive step for Red Piranha to continue to deliver the most powerful XDR appliance to MSPs and enterprises globally. With further exports planned to the United States, Singapore and the South Pacific shortly.

Red Piranha's Crystal Eye XDR appliance has been designed for MSP's and their clients that require comprehensive cybersecurity. This is a platform that is both easy to use and affordable. It features proven security techniques with layers of protection to keep data safe. Crystal Eye XDR increases security awareness for all sizes, reducing their risk exposure from advanced cybercrime, malicious software and insider threats.
