

Professor Jiju Antony honoured for Lifetime Contribution to Lean Six Sigma by ILSSI

July 2021 : A ceremony in Edinburgh Business School, Heriot-Watt University honours Professor Jiju Antony for his Lifetime Contributions to Lean Six Sigma.

EDINBURGH, SCOTLAND, UNITED KINGDOM, July 22, 2021

/EINPresswire.com/ -- Professor [Jiju Antony](#) was presented with the [ILSSI 'Lifetime Outstanding Contribution to Lean Six Sigma'](#) award at Edinburgh Business School, Heriot-Watt University, UK on July 19th 2021. John Dennis, Chairman of the International Lean Six Sigma Institute, ILSSI, made the presentation to Professor Antony. ILSSI members celebrated Professor Jiju Antony for his many contributions and successes and wished him all the best on his new appointment as

Professor of Industrial and Systems Engineering at Khalifa University in Abu Dhabi.

"I am honoured to receive this prestigious award from the ILSSI and recognition from my peers within the Lean Six Sigma community. It means a great deal to me that my lifetime of work is recognised as being of value to society."

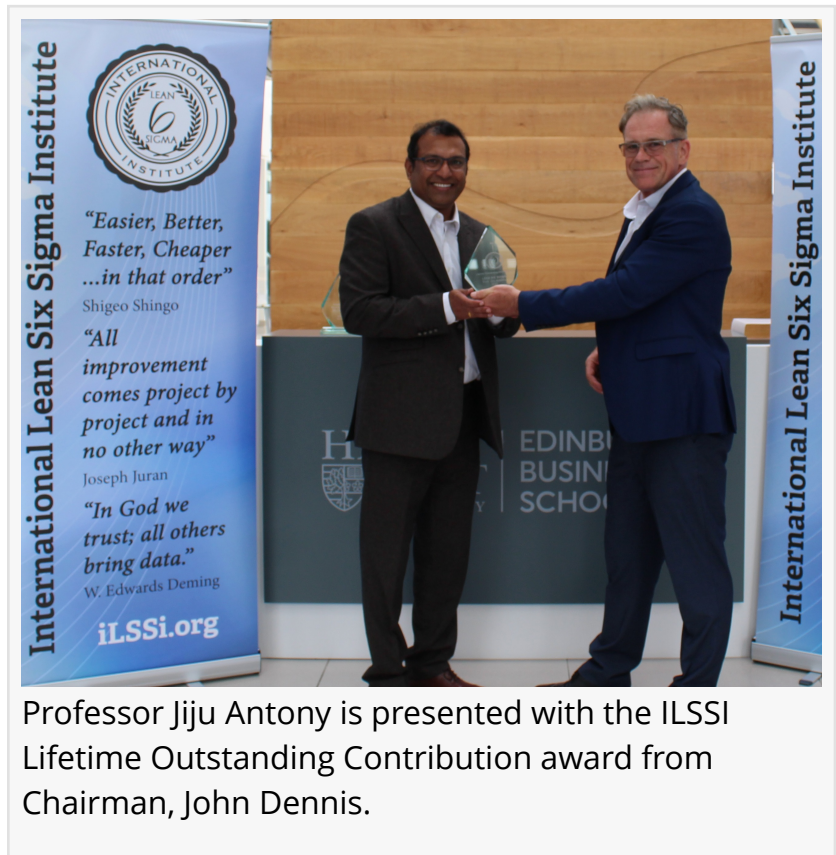

“

I am honoured to receive this Lifetime Achievement award and also the Academic Research award on behalf of Willem Salentijn and Jaqueline Douglas."

Professor Jiju Antony

Professor Jiju Antony founded the Centre for Research in Six Sigma and Process Excellence (CRISSPE) in 2004, establishing the first research centre in Europe in the field of Six Sigma. He is a Fellow of the Royal Statistical Society (UK), Fellow of the Chartered Quality Institute (CQI), Fellow of the Institute of Operations Management (FIOM), Fellow of the American Society of Quality (FASQ), Fellow of the International Lean Six Sigma Institute (ILSSI) and a Fellow

of the Institute of the Six Sigma Professionals (ISSP).

Professor Jiju Antony is presented with the ILSSI Lifetime Outstanding Contribution award from Chairman, John Dennis.

Also during the presentation ceremony Professor Antony accepted the team prize for Academic Research on behalf of the team of Jiju Antony, Willem Salentijn and Jaqueline Douglas for their 2021 paper titled 'Six Sigma to distinguish patterns in COVID-19 approaches'. This is the first study with Master Black Belts from different countries on the application of Six Sigma techniques and the DMAIC from the viewpoint of special cause variation on COVID-19.
