you are instantly swept up into the feeling of being let down by someone you cared about. She doesn't just leave you there though, she takes you all the way through to the realization that you are better off without them and then makes an ardent stand for taking up for yourself and not letting that cycle continue anymore.

Make some room in your favorite breakup playlist for this anthemic comeback song. If you enjoy music from artists such as Olivia Rodrigo and Harry Styles, then Zoe Hess will fit perfectly on your playlist.

Zoe plans to continue developing her career by writing, playing shows and recording. She would like her listeners to know, "You are so loved. You are not alone. Don't ever let someone trick you into thinking you aren't enough. Because you are. Thank you so, so, so much for listening to my music and supporting me. It means the world to me".
