

Global Autonomous Aircraft Market Trends, Strategies, And Opportunities In The Autonomous Aircraft Market 2021-2030

The Business Research Company's Autonomous Aircraft Global Market Report 2021: COVID-19 Growth And Change To 2030

LONDON, GREATER LONDON, UK, July 29, 2021 /EINPresswire.com/ -- According to the new market research report '[Autonomous Aircraft Global Market Report 2021: COVID-19 Growth And Change To 2030](#)' published by The Business Research Company, the global autonomous aircraft market is expected grow from \$0.76 billion in 2020 to \$0.85 billion in 2021 at a compound annual growth rate (CAGR) of 11.8%. The growth is mainly due to the companies resuming their operations and adapting to the new normal while recovering from the COVID-19 impact, which had earlier led to restrictive containment measures involving social distancing, remote working, and the closure of commercial activities that resulted in operational challenges. The autonomous aircraft market is expected to reach \$1.52 billion in 2025 at a CAGR of 16%. The advancement in artificial intelligence is a key factor driving the growth of the autonomous aircraft market.

problems sooner, when it's faster and less costly or even fully avoid them.

Global Autonomous Aircraft Market Segments:

The global autonomous aircraft market is further segmented based on technology, end use, aircraft type, application, end user and geography.

By Technology: Increasingly Autonomous, Fully Autonomous

By End Use: Passenger Air Vehicle, Personal Air Vehicle

By Aircraft Type: Fixed-Wing, Rotary-Wing

By Application: Cargo Aircraft, Passenger Aircraft

By End User: Commercial, Defense

By Geography: The global autonomous aircraft market is segmented into North America, South America, Asia-Pacific, Eastern Europe, Western Europe, Middle East and Africa.

Autonomous Aircraft Global Market Report 2021 is one of a series of new reports from The Business Research Company that provides autonomous aircraft market overviews, analyzes and forecasts market size and growth for the global autonomous aircraft market, autonomous aircraft market share, autonomous aircraft market players, autonomous aircraft market segments and geographies, autonomous aircraft market's leading competitors' revenues, profiles and market shares. The autonomous aircraft market report identifies top countries and segments for opportunities and strategies based on market trends and leading competitors' approaches.

Read Autonomous Aircraft Global Market Report 2021 from The Business Research Company for information on the following:

Data Segmentations: Market Size, Global, By Region And By Country; Historic And Forecast Size, And Growth Rates For The World, 7 Regions And 12 Countries

Autonomous Aircraft Market Organizations Covered: Boeing, Airbus, Lockheed Martin, Northrop Grumman, Elbit Systems, Raytheon Company, AeroVironment.

Regions: Asia-Pacific, China, Western Europe, Eastern Europe, North America, USA, South America, Middle East and Africa.

Countries: Australia, Brazil, China, France, Germany, India, Indonesia, Japan, Russia, South Korea, UK, USA.
