Experts Review 36 Top GPS Telematics Vendors in North America on Price, Value, Features

NEW YORK, NY, UNITED STATES, August 2, 2021 /EINPresswire.com/ -- [Fleet-Track.com](https://www.fleet-track.com), the review site for GPS Tracking and Telematics vendors, has named [Momentum IoT](https://www.momentum-iot.com) "Best GPS for Small Business."

The experts at Fleet-Track subjected 36 leading GPS Telematics providers to their analysis. Each vendor was evaluated by:

- Overall Features and Capabilities
- Mobile Apps, iOS/Android, Push and Alerts
- Pricing: Up-front, Monthly
- Flexibility: Contracts, Networks
- Reputation: Analysts and Awards
- Reviews: Customers and Complaints

Here's what they said about Momentum IoT:

"For small to mid-sized fleets which are not currently using an enterprise workforce management platform, Momentum should be strongly considered."

They added: "We found Momentum IoT has the best GPS for Small Business, particularly field service fleets. Their ease of installation and setup set them apart. Their mobile apps are highly rated. Momentum's 10-second breadcrumbs, geofence, speed, and idling alerts, trips, monitors and reports meet and exceed the needs of most small businesses, while their policy of no minimum fleet size and no contracts make them easy to work with."
