

Global Oncology Biosimilars Market Trends, Strategies, And Opportunities In The Oncology Biosimilars Market 2021-2030

*The Business Research Company's
Oncology Biosimilars Global Market
Report 2021: COVID-19 Growth And
Change To 2030*

LONDON, GREATER LONDON , UK,
August 2, 2021 /EINPresswire.com/ --
According to the new market research
report 'Oncology Biosimilars Global
Market Report 2021: COVID-19 Growth

And Change To 2030' published by The Business Research Company, the global [oncology biosimilars market](#) is expected to grow from \$2.88 billion in 2020 to \$3.1 billion in 2021 at a compound annual growth rate (CAGR) of 7.6%. The growth is mainly due to the companies resuming their operations and adapting to the new normal while recovering from the COVID-19 impact, which had earlier led to restrictive containment measures involving social distancing, remote working, and the closure of commercial activities that resulted in operational challenges. The oncology biosimilars market is expected to reach \$8.39 billion in 2025 at a CAGR of 28%. The expiration of patent of biologics used for the treatment of cancer is driving the production of new oncology biosimilars.
