The EMTeLINK® mission from day one has been To Save Lives by preventing medical errors. It began with tackling the complex challenge of assuring an individual could have their most critical health information available at a moment's notice. Since 2010, EMTeLINK® has secured ten patents, is HIPAA-certified and incorporates Military Grade FBI encryption. EMTeLINK® revolutionary product, CONTROL Your Health Record®, provides a simple, secure way to store and share medical information, including medications, allergies, health history, surgical procedures, test results, x-rays, shows proof of COVID TEST AND VACCINE and more with doctors, hospitals and emergency personnel.

The mission of our partner, Global Medical Response/American Medical Response, is to provide care to those in need at a moment's notice. They have more than 38,000 employees that provide quality medical care, primarily in emergency and patient relocation service. Plus, have a network of Triage Call Centers across the United States. GMR/AMR will Triage the call and, if necessary, dispatch one of their highly trained EMTs or send the nearest 911.
