**Who Said Saving
The Environment
Couldn't Save
You Money?**

Enginuity's E|ONE system is far more efficient than the grid.

Which means we can lower utility bills for 80M+ households in the U.S.

INVEST NOW

ENGINUITY
POWER SYSTEMS

The E|ONE is a leading 'green technology' product. This 'micro-Combined Heat and Power' system is a simple one: remove an existing gas-fired water heater and replace it with a single unit that produces your home's hot water, space heating needs and electricity.
