“The 5S approach is a powerful way to improve efficiency, but it's not always easy to understand or use,” said McFadden. “There's a lot of advice about 5S out there, and that can make the system seem complex. In fact, the basic ideas are very simple. Unfortunately, simple doesn't necessarily mean easy, so that's where this webinar is aimed: we want to make the process easy to understand and easy to follow.”
