

Hop-on's Digitalage Onboards NTCONSULT to Assist with Digital Rights Management Platform

ORANGE COUNTY, CALIFORNIA, UNITED STATES, August 8, 2021 /EINPresswire.com/ -- [Hop-on](#), Inc. (OTC: HPNN) has retained the professional services of [NTCONSULT](#) to develop business process workflow solutions for the new [Digitalage](#) decentralized social media, content protection, and digital rights management platform. NTCONSULT was chosen for their top-tier experience in implementing process automation and workflow solutions for some of the world's largest names in finance and banking.

While the primary work will be focused on design, development, and delivery of advanced tools to automate and facilitate digital rights management, royalty collection and distribution, financial services, and dispute resolution, NTCONSULT will also be tapped to assist Hop-on's in-house and contracted engineering teams on bleeding edge solutions including:

“

I look forward to our beta launch being done right...We will not launch until we have done all we can to protect the privacy and security of our users.”

Peter Michaels, Founder and CEO

digitalage™

Digital Age Logo

Hop-on Logo

- Automated identification of illegal, explicit, and biased content
- Generating descriptions of images and video scenes for the vision impaired
- Immersive augmented and virtual reality experiences
- Advanced vocal pattern mapping, synthesis, and speech translation technologies
- Intuitive match-making algorithms to build lasting mutually beneficial relationships between creators, advertisers, and consumers

As Hop-on accelerates towards launching the public beta of Digitalage's decentralized social media platform, NTCONSULT is also being tapped to enhance straight-through processing and automation of common tasks and backend workflow.

These capabilities are set to improve scalability and processing time for the numerous intensive operations that occur behind the scenes.

Hop-on is extremely proud to have NTCONSULT apply their greatest strengths and world class talent to create paradigm shifting technologies for the Digitalage platform.

Founder and CEO Peter Michaels states, "I look forward to our beta launch being done right, without the problems that plagued so many other entrants into this space. We will not launch until we have done all we can to protect the privacy and security of our users."

NTCONSULT founder and CEO Cláudio Comunelo states "Our ability to mobilize squads of highly qualified specialists, combined with our nearly 20 years of experience working on large and complex technology projects, results in the kind of expertise that is exactly what Hop-on needs right now. We are confident that our experience makes us the ideal partner for this project."

About NTCONSULT

We are a global company that transforms your business challenges into digital solutions. We work with hyper-automation, custom software development and IT staff augmentation. In other words, we automate your business processes with the most efficient platforms in the world, we build first class solutions for your organization and we augment your team with best in the class resources. We understand critical and complex software projects. We've been there, done that, many, many times over the past almost 20 years. Our history means security for you, your team, and your project. We realize quality cannot be compromised. During our long tenure, we have been building mission-critical systems for leading institutions like World Bank, Inter-American Development Bank, and the United Nations. We also work with public agencies and technology driven clients in a variety of different industries.

Our offices and development centers in the United States, Brazil, Uruguay, Mexico, and Peru, make us the perfect partner for your growing technology needs.

With a talented and highly skilled team of engineers, equipped with the right tools and using the methodological approach that is best suited for each situation, we can confidently help your company reach your business goals through technology. www.ntconsultcorp.com
