On August 6, in Tehran, the Resistance Units installed a huge poster of Iranian Resistance leader Massoud Rajavi on a bridge which hung for hours until it was removed by the regime intelligence officers.

These brave acts are carried out while Ebrahim Raisi took office on August 5. Raisi is known to be the murderer and butcher of the MEK members in the summer of 1988. At the time, he was one of the members of the death commission in Tehran who carried out executions of 30,000 political prisoners in a matter of weeks. The vast majority of the victims were members and sympathizers of the MEK.

"The worrying economic pressure and the high number of Covid-19 death toll and mismanagement of decision-making institutions have caused public anger and bring people to a point in which they have nothing to lose and this is a dangerous situation."
