## Covid-19 Impact Analysis

During lockdown, owing to COVID-19, the waste production mainly increased from residential areas compared to industrial and commercial centers, as industries and offices were partially or completely shut down so very less industrial and commercial waste was generated. Further, decline in production of new goods led to fall in demand for recyclable material such as rubber and plastic.

## Top 10 Leading Players in Waste Management Market:

Biffa Plc

Clean Harbors, Inc.  
Covanta Holding Corporation  
Daiseki Co., Ltd.
