*First turnkey, flexible retailing platform available throughout the entire year*

ATLANTA, GA, UNITED STATES, August 10, 2021 /EINPresswire.com/ --

[Pyromart](#) is excited to announce the first turnkey, innovative retailing

platform that is available all year long. In the upcoming months, Pyromart will support a variety of businesses during seasonal celebratory events including back to school celebrations, football season firework shows, Halloween costume pop-up stores and more. In addition, Pyromart allows retailers to better manage their current and upcoming inventory, as well as invoicing and wholesale development.

“Due to the pyrotechnics industry’s shortage of fireworks this year, Pyromart has helped our retail partners more effectively manage and sell their products,” said Pyromart CEO and Founder Kevin Wu. “As we strive to bring the fireworks industry to the digital age and improve the current retail system, I am excited to see the results that all of our partners will experience through the rest of 2021.”

Founded in 2020, Pyromart is the only company streamlining the fragmented retail industry by serving operations of all sizes. Pyromart’s solution includes built-in inventory management, which enables businesses to simply manage inventory, order management, payment, promotions, loyalty and in-store pickup.

Pyromart also offers access to Glorious Group’s variety of state-of-the-art fireworks. Glorious is a vertically-integrated organization with companies involved in all facets of pyrotechnic business, including manufacturing fireworks and conceptualizing and staging choreographed musical fireworks displays.
