

# Manufactured Housing Market Worth \$38,848 Million by 2027- Exclusive Research Report by AMR

*Rapid population growth along with rapid urbanization has resulted in the need for affordable housing in developed and developing countries*

PORTLAND, OR, UNITED STATES,  
August 11, 2021 /EINPresswire.com/ --

[Manufactured housing](#) is a revolutionary solution for the problem of affordable and quality accommodation globally. In manufactured housing, the housing unit is designed and manufactured in a factory and after that is transported and installed at desired site. According to MHI (Manufactured Housing Institute) based in U.S., cost of construction per square foot is considerably less for manufactured housing units as compared to site build traditional homes.
